

December 19, 2020

Greetings Brethren,

Happy Sabbath, hope all of you are doing well.

Your children at Sengera House have asked me to forward some short letters they have written you. I'm trying to attach a picture with each one.

Below are a few for now, more to follow:

*"Receive warm greetings from Francis, one of the boys in Sengera orphanage, under pastor Bill Goff. Hope you are well cared by God in this hard times of Covid19.*

*I will love to thank you, our donors for raising me up since I was young through your very big supports. Life used to be hard, I never expected to reach where I am today. But I thank God for touching you, and blessing you with helping hearts. Am schooling, eating well, clothed and happy. Thanks a lot for all this is through you. Through your financial sacrifice, and I'm sure prayers, we look good and representable more than even those with parents, may the Lord bless you.*

*We have you in our hearts too, praying for you all, for you take us and treat us exactly as your kids.*

*Be blessed.*

*Thank you.*

*Francis son oketchi"*

"Dear Donors,

*How are you? I think and I am sure you are fine, as so am I well here enjoying this magnificent environment you have provided us. So I like to take this moment to thank and appreciate the support you have been doing. Such things like food, clothes, school fees and more. I'm also much appreciated with this assistance because early days of my life after my patents died I had no place to say that I'm at home. My brother Manley and I were living on the street for a time. We were like a rolling stone gathering no moss, but nowadays we once again have a home and are so well cared for thanks to you. May God bless you all.*

Jemmimah"

*"Hello, my name is Manley, brother to Jemmimah, living at Sengera House. Let me take this opportunity to thank God for bringing us this far and by thanking you donors for supporting us here. Let me remind you of my life before I came to live in this place. Life was very hard for my sister and me because we had no shelter to sleep, and nothing to eat. I want to thank God for bringing us to this place of wonderful environment. Here in Sengera House we do Bible studies and we do learn a lot. The Bible is the only way that we can know the goodness of the times we are living and the times we are going to face. Another thing I want to talk about is the leaders around here they are really good ones because they keep giving us good guide lines and they direct us to good things. I am also quite blessed to be attending good School. Lastly let me say thank you and God bless you and your families.*

*Thank You*

*Manley."*

"Dear Donors,

*I hope that you are well and me here Kenya am also fine. I would like to say thank you everything you have done for me. When I remember my background after my parent's life was very rough. But when I came here my life changed up to now, have all good things am thankful for. We live in a good compound and clean and a Matron she takes care of us. I thank God everyday all the good things he do for me. I pray God to help you donors and your families to live a long time. May the Lord bless you for helping me so much.*

*Your loving child*

*Rebecca."*

*"Dear Donors, how are you doing? I am here in Sengera orphanage and doing well. I am going to take this chance to say thank a lot for your help and this nice place to live. We are appreciating for what you have done for us. In my life I was not expected one day that I would go to school, but because of God am now going school, and appreciating what God has done for me. (By the way, James is Top of his class.) And also here we are praying that one day we will meet face to face like we do Papa Goff. We thank God, Papa and you. May God bless you. James Makori."*
